

NORDIC WINTER WRAPPED

WHEEL DAMAGE SEASON

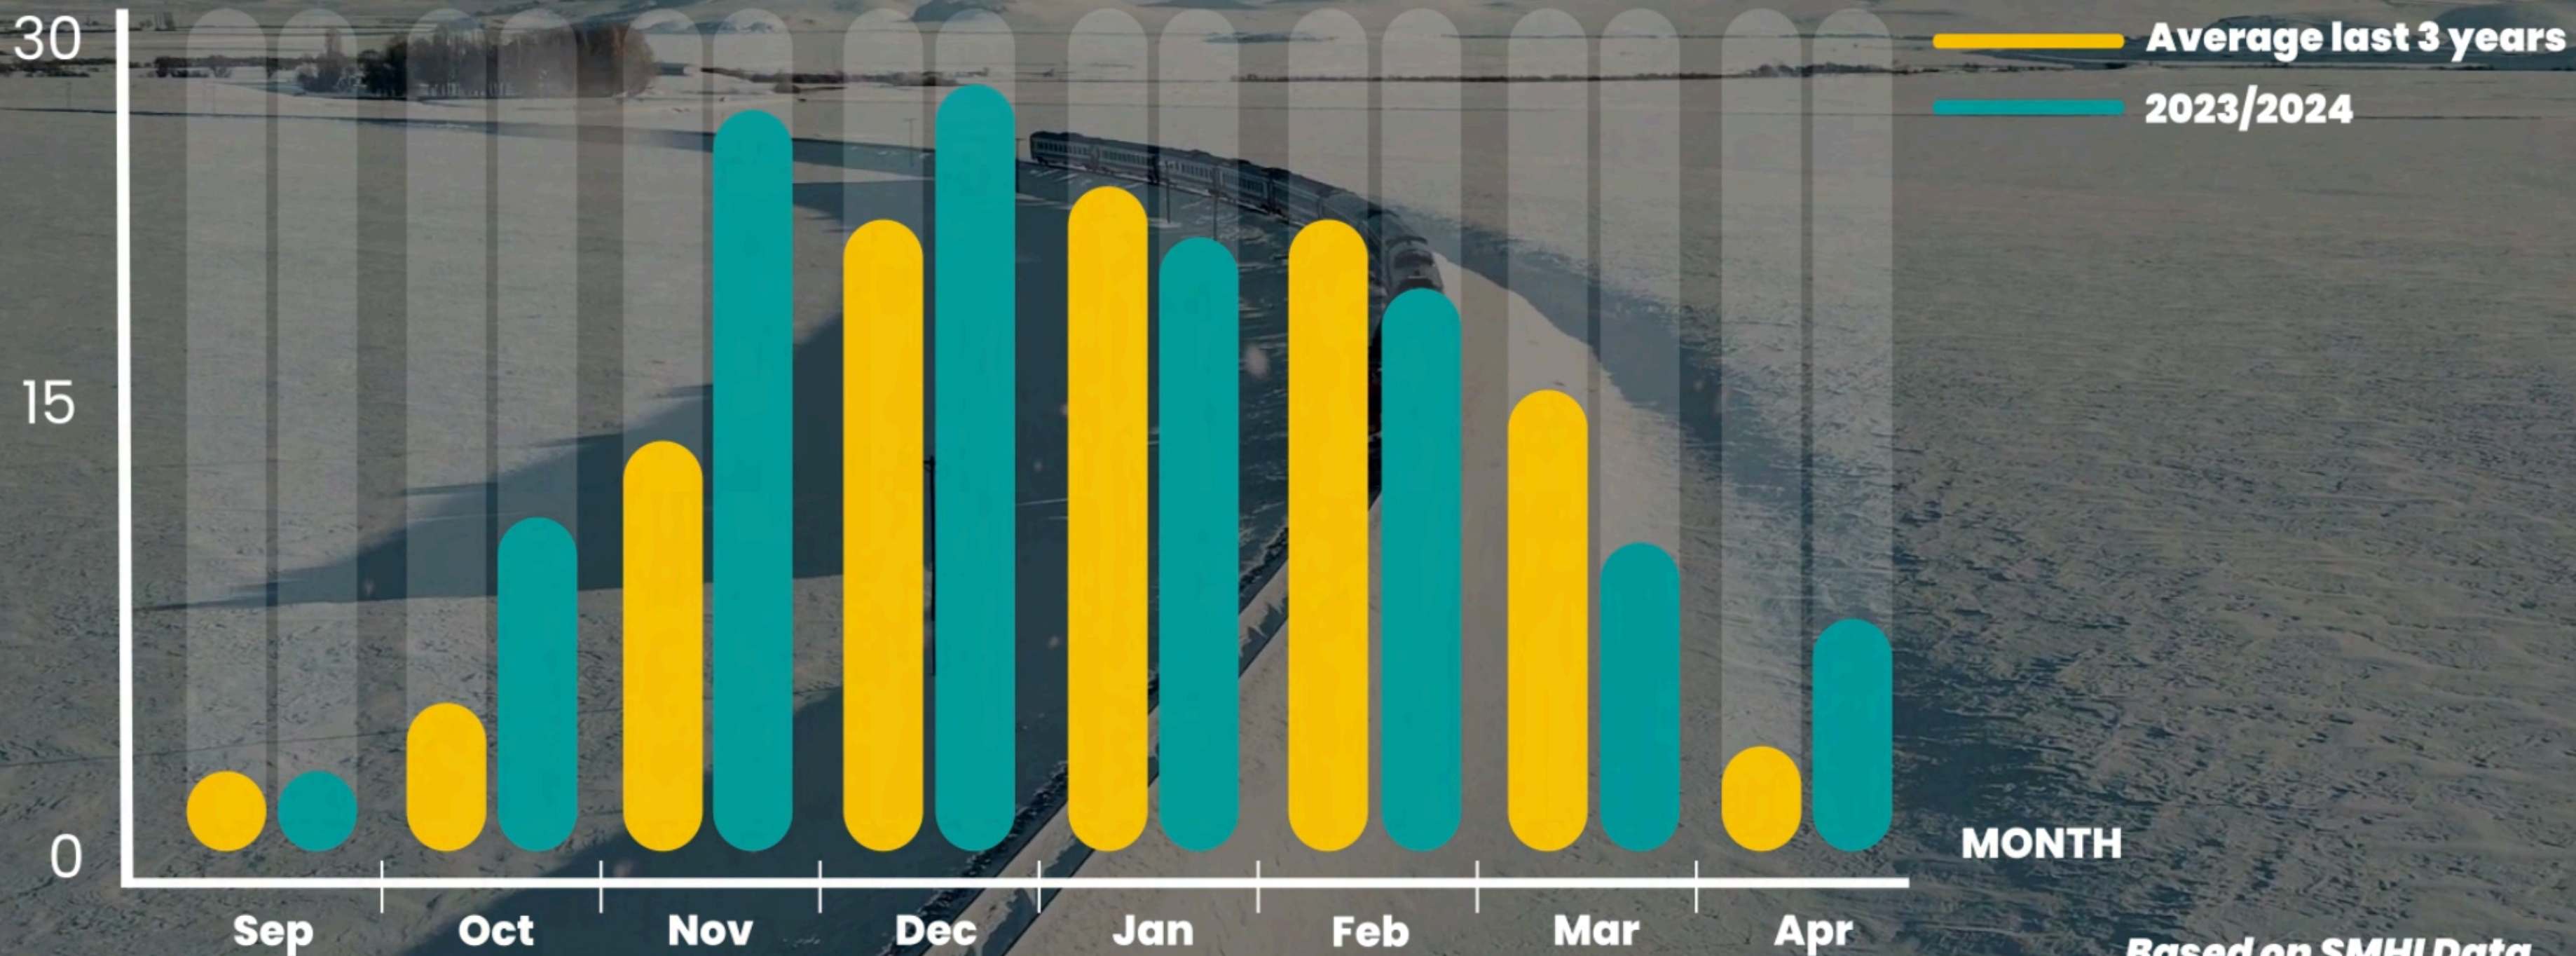

2023 / 2024

The background image is a scenic view of a red high-speed train crossing a multi-arched stone viaduct. The surrounding landscape is a dense forest of evergreen trees heavily laden with snow, suggesting a winter or high-altitude environment. The train is moving from left to right across the frame.

Minimum Daily Temperature – North of Sweden

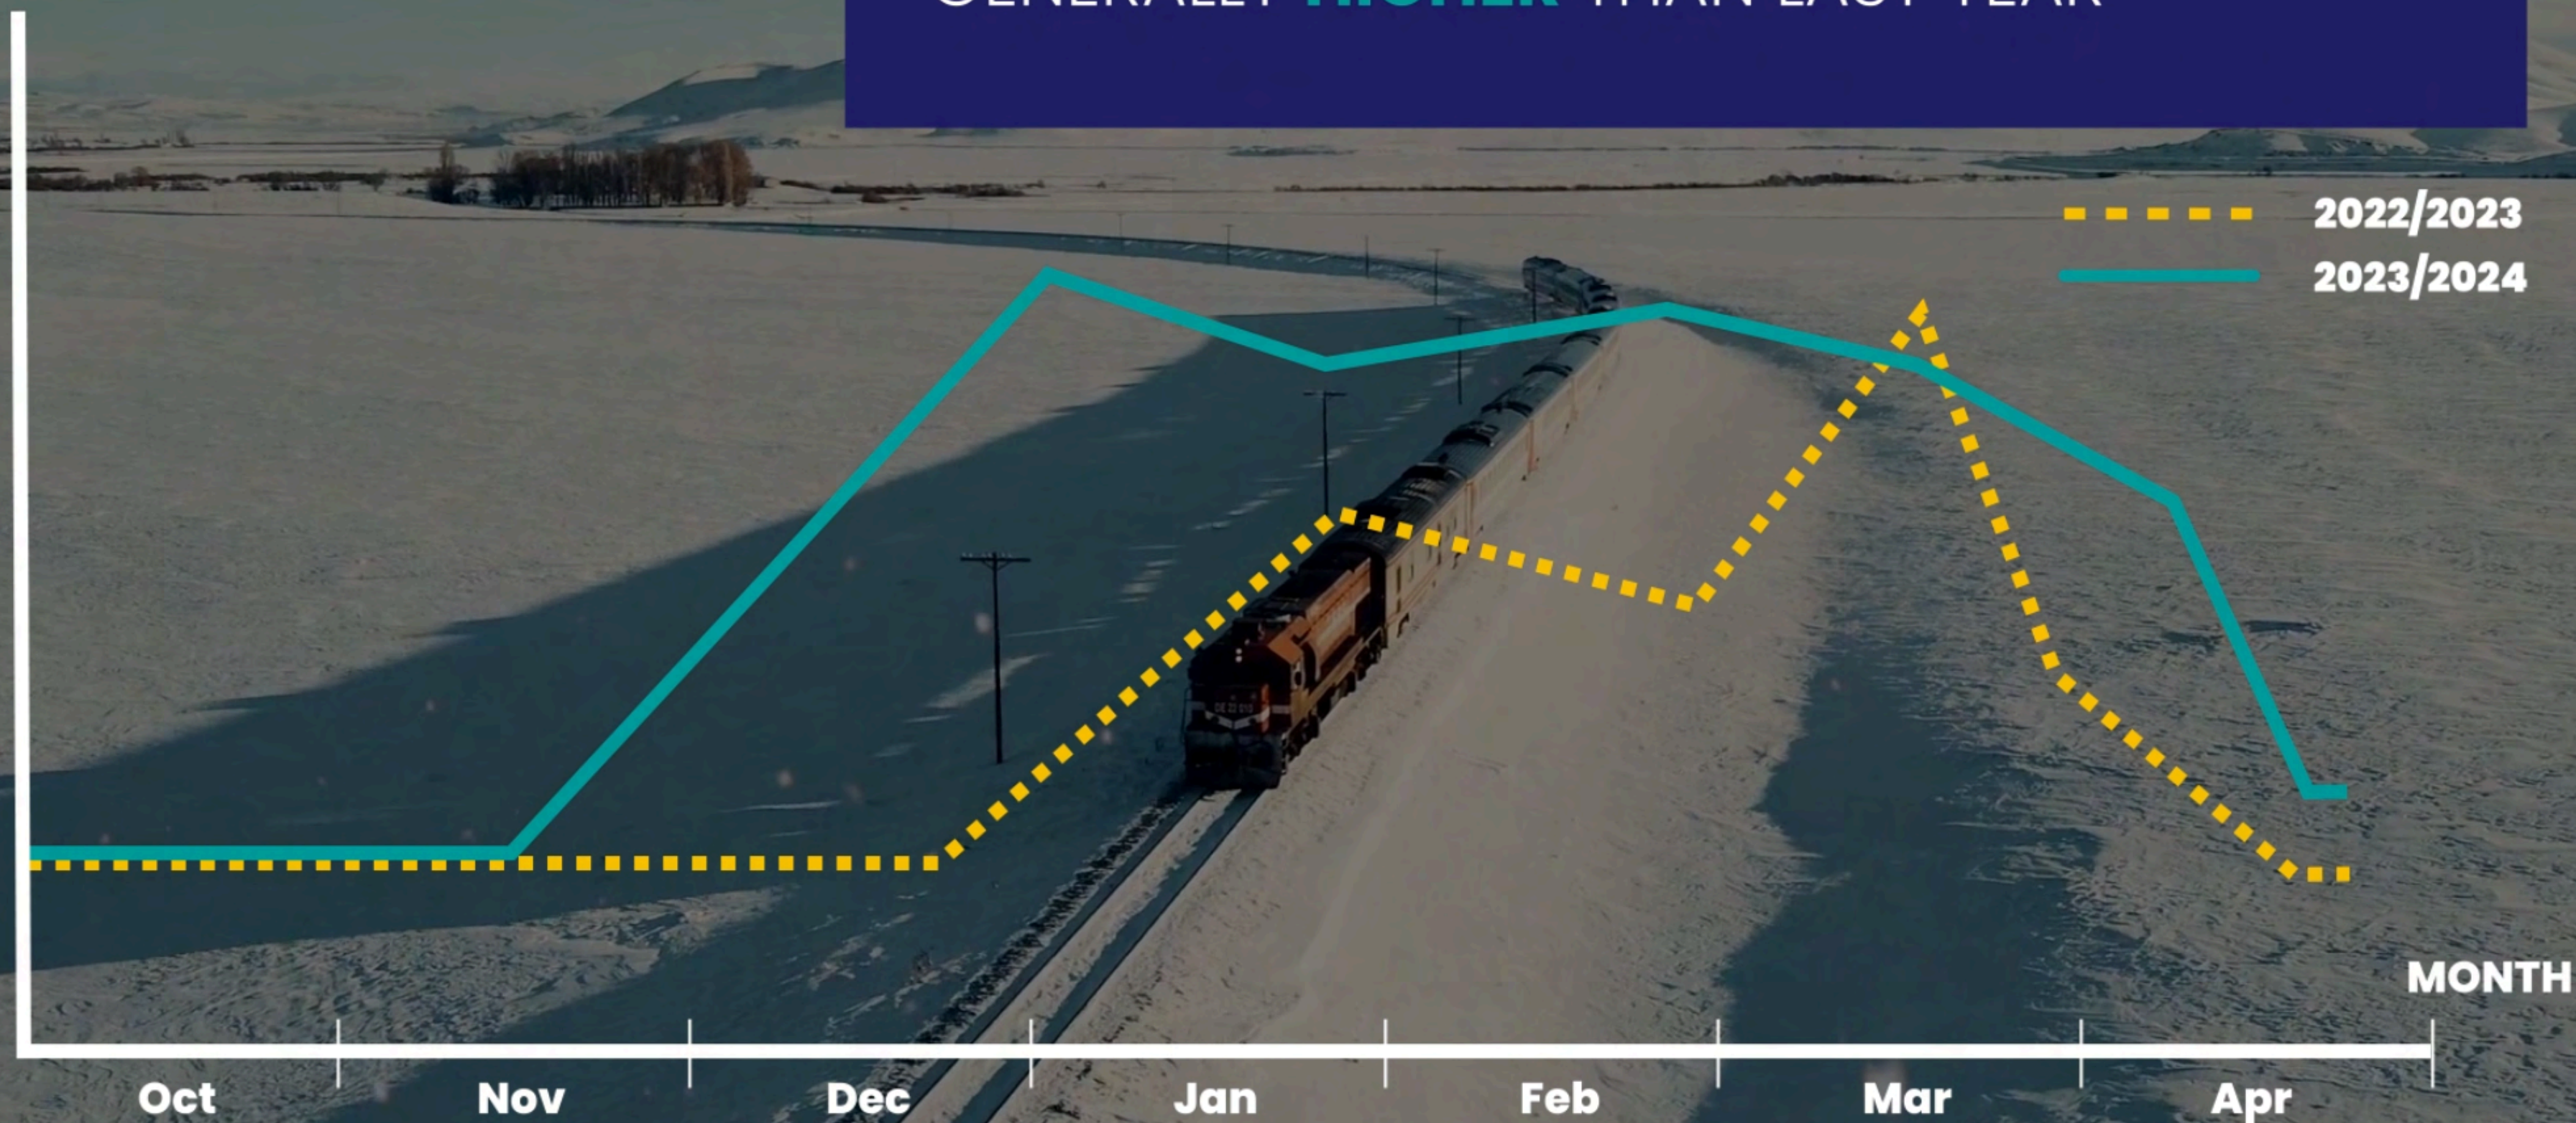

An aerial photograph of a train traveling through a vast, flat, snow-covered landscape. In the background, there are rolling hills or mountains also covered in snow. The sky is a pale, hazy blue. The train consists of several dark-colored freight cars. Long shadows are cast across the snow from the left, indicating a low sun position. A single utility pole stands in the lower-left foreground.

The background of the slide is a photograph of a snowy, open landscape. In the foreground, there are snow-covered fields with some small, dark shrubs. A fence line runs across the middle ground. In the distance, there are rolling hills under a pale, overcast sky. A dark, straight line, possibly a road or railway track, leads from the bottom center towards the horizon. A large, dark blue rectangular box is superimposed over the center of the image, containing the text 'WHAT'S NEXT?' in white.

WHAT'S NEXT?

An aerial photograph of a mountain landscape in winter. The terrain is covered in snow, with patches of evergreen trees and bare deciduous trees. A rocky ridge runs diagonally across the upper half of the image. The overall tone is cool and wintry.

PREDGE EVALUATES THE WINTER WITH EACH CUSTOMER

**PREDGE SETS A PLAN WITH
EACH CUSTOMER TO IMPROVE
FOR THE COMING SEASON**

An aerial photograph of a mountain landscape covered in snow. The terrain is rugged, with patches of dark evergreen trees and bare deciduous trees visible through the white snow. The lighting is soft, creating a serene winter scene.
